May 5, 2017

Dear Parents,

We, as a school community, have been working to encourage our young people's interest in the arts. Please find attached a sample of your child's artwork that we would like to use to decorate our school.

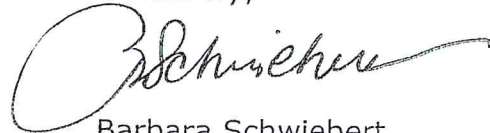

We are continuing our work with Original Works to provide an opportunity for your child's artwork to be permanently displayed in our hallways. Please consider purchasing a tile/trivet (\$18.75) so that your child's artwork can be a part of our ongoing wall display that we are building upon each year. Our participating artists will gain pride and self confidence in realizing their artwork will be utilized and displayed in school. Everyone benefits! We can continue to turn individual art projects into tile walls of colorful art and if you choose, you may also order personalized products turning your child's art work into precious keepsakes.

The purchasing details are explained in the packet being sent home today. ***If ordering, each student must submit their own order form (which corresponds to his/her artwork).*** Please do not put multiple students on one order form. However, you may submit one check for multiple students.

***Due to time constraints, all orders must be submitted no later than Friday, May12th.***

Thank you in advance for supporting this program and helping to create some lasting memories for our children.

Sincerely,

Barbara Schwiebert  
Principal
