RE: School Website

Just a quick note to re-introduce our school website: **www.stmaryfishkill.org**.

It is our intention to place the majority of the "blue folder" (our parent-school communication system) inserts online, rather than sending hard copies (monthly menus, two week letters, PPA fundraising information, etc.). On the left hand side of the webpage you will see the Friday Folder link - the latest memos and flyers will be posted here each Friday. There are separate links for the Two Week Letter and Menu.

For the first week of school we have sent home paper copies **and** posted the information to the website. In subsequent weeks the information will be primarily online. We will use the blue folders for information dropped off from community groups and special circumstance communications.

At the top of the webpage, the teachers will use their individual Teacher Pages to update homework and classroom news.

On the bottom of the home page (under the photos) there is a news feed. This will be used to post weather related delays or cancellations, calendar changes, upcoming school events as well as other timely items.

If you have any questions or concerns, please contact the school office. Thank you.
