April 6, 2018

Dear Parents,

Welcome back! I hope you had a beautiful Easter! All of you were remembered in my prayers during the Sacred Triduum.

Several parents approached me about the possibility of starting a "before school care" program at Saint Mary's. I am very open to this. If you think you have an interest, please send back the bottom attachment by Tuesday, April 10th.

We were very busy during Holy Week. The school was wired to support hand-held devices. Repair work and painting was done in the first grade classroom, and I obtained a bid to steam clean the bathrooms and the kitchen. I am in the process of scheduling that procedure.

Some of our talented students will participate in the Dutchess County Science Fair tomorrow. We wish them well. Also, the pasta dinner to support the drama program will be held Saturday, April 7th at 6:30pm. Please contact Mrs. Cathy Walker if you still need tickets.

Please remember, Wednesday and Thursday, we will be administering New York State Assessments. If you are refusing testing, you may bring your children to school at 11:00am. Per Dr. McNiff's letter that I sent on May 23rd, we will have no alternative setting for students not taking assessments.

God bless you for trusting us with your beautiful children.

Sincerely,  
*Mary Jane Daley*
